2013 Contributors

Our special thanks to all of the individuals, foundations, and corporations who support Martin Library and the York County Library System through annual gifts to one of our giving categories. The following is an alphabetical listing of all donors who made a gift between 1/01/13 and 12/31/13. Every effort has been made to present a timely and accurate report. Please inform the Development Office of any discrepancies so that records may be corrected. We are truly grateful to all those who have made free public library service a giving priority this year.
