Hilary Bull a wife and mother of 2, Madalyn and Harvey and multiple 4-legged's. A veterinary assistant for 14 years at Prettyboy Veterinary Hospital. I enjoy animals, gardening and all the activities with the kids. Started dog therapy May 2012 with KPETS and daughter Madalyn and Great Pyrenees, Shep.

Madalyn Bull 11 years old going into 6th grade. Participates in 4H and plays violin and is currently a blue belt in Karate. She really loves animals and loves doing dog therapy with Shep. Her favorite therapy activity is going to libraries and reading with the kids.

Shep is a 2 yr. old Great Pyrenees that we rescued in February of 2011. He is such a gentle giant and loves therapy work. He gets very excited when we get his vest and scarf out because he knows he is going somewhere to see people. He especially likes the children, but also enjoys the quiet aspect of the elderly. Everyone loves to see him coming, you can't miss him.

Jenn and Ziva (pictured left) are a R.E.A.D.-certified team through Intermountain Therapy Dogs.
