*March: in like a lion and out like a lamb! Enjoy this month's updates. As we move into Spring and then Summer, we aim to see plenty of good library news.*

**COVID Update.** The Library remains open for browsing, with masks and social distancing required. Limited computer use (along with copying, printing, and faxing) remains available at this time. While meetings and small group study remains unavailable, please note that the garden is an excellent place for these activities, especially as the weather improves. Wifi and electrical outlets are available there. All COVID restrictions are subject to change as conditions evolve.

**Tax Forms.** Federal 1040 tax forms and instruction books are available in our lobby, while supplies last. Pennsylvania tax forms are available at Rep. Keefer's office (12 N. Baltimore St. in Dillsburg).

**Adult Programs.** The Midwinter reading challenge continues. Library We are also going to be premiering a museum video . See page 2 for details.

**Artist Spotlight.** The artist spotlight returns this month! Lori Yingst will be the artist bringing it back. She describes herself as an "art explorer" and she uses many different methods: photography, illustration, fine art, fiber, paper, and upcycling. Look for her work starting the week of March 8.

**Our Facebook Page.** We are consistently adding more content to our Facebook page ([facebook.com/DillsburgAreaPublicLibrary](https://facebook.com/DillsburgAreaPublicLibrary)). Blog posts, video book reviews, and children's programs are just some of what you can find!

**YCL Online Programs.** York County Libraries will be offering a range of children's and adult programs. They can be found on their Facebook page ([facebook.com/YorkCountyLibraries](https://facebook.com/YorkCountyLibraries)) and their YouTube channel ([youtube.com/c/YorkCountyLibrariesPA](https://youtube.com/c/YorkCountyLibrariesPA)).

## Programs for Adults

**Mid-Winter Reading Challenge — Ends March 15.** Our Mid-Winter Challenge is a literary scavenger hunt. Answer the questions and read the books to be entered for a prize drawing. Entries are due at the library by March 15, and blank forms are still available at the circulation desk and for download at our blog.

**Mini Museums-A-Minute—March 16, 7:00 PM.** Library Director and history enthusiast Keith Greenawalt discusses ten of his favorite museums in this fast paced program. Recorded program will premiere on our Facebook page.

## Programs for Kids

**Online Story Time — Tuesdays, 1:00 PM-2:00 PM.** Winter is still with us, so Outdoor Story Time is on a seasonal pause. Instead, you can enjoy a video story time, and pick up a craft kit at the library while supplies last. Story time videos are available in our private Facebook Story Time group. Not a member? Make a request to join our group and enter your library card number.

**Take Home Projects for Kids — Wednesdays, 1:00 PM-2:00 PM.** Get creative with a different art or science project every week. This program is geared towards children ages 6 to 10, but all are welcome. Always ready by Wednesday afternoon, we'll put together a new project kit for kids aged 6 to 10. Take the kit home with you to assemble. Please rsvp via the York Libraries events calendar ([www.yorklibraries.org/events](http://www.yorklibraries.org/events)) and check our Facebook page for the latest.

**Mystery Bin LEGO Club — March 3, 6:00 PM-7:00 PM.** Take a chance on your very own bin of mystery LEGOS and build a masterpiece. Ages 6 and up. Each month, we will sanitize our LEGOS and fill twelve shoe box sized bins with a mystery assortment of blocks. The first twelve kids to sign up will receive a bin and use their blocks to build a masterpiece for our LEGO shelf. Please sign up using the RSVP function on the YCL events calendar to guarantee your spot. We will reserve a bin for you until 6:15pm. Walk-ins are welcome until the bins are gone.

**Online Coding Club — March 10, 6:00 PM-7:00 PM.** Beginners and experts code for fun using Scratch. Solve our challenge or code your own project. Ages 8 and up. In our online version of Coding Club we will post a video challenge on our Facebook page. Participants will be invited to code at home and share their projects in our classroom studio.

**SummerQuest!** Yes, SummerQuest is on the way. It is not too early to think about it. In fact, you can get a sneak peak by browsing the YCL events calendar. Youth Coordinator Sue Rizzo has been planning and scheduling to make SummerQuest 2021 extra special. Check out the June, July and August pages to see what might be in store.
