HAPPY * HOLIDAYS!

MATT CARTIER HAS BEEN a great friend to the Hufnagel Public Library of Glen Rock. He has volunteered with us for some time now in the summer, helping with Summer Reading Program events. This past summer and fall, he took on a much larger project for his Eagle Scout badge: he wanted to get our side garden in better shape and add some seating. We are happy to say the project is complete and the side garden looks fantastic!

thank you!

Poison Study
by
Maria V. Snyder

2018 readers choice!

COMING SOON!
**FULL STEAM
AHEAD SATURDAYS!**

“About to be executed for murder, Yelena is offered an extraordinary reprieve. She'll eat the best meals, have rooms in the palace- and risk assassination by anyone trying to kill the Commander of Ixia.

And so Yelena chooses to become a food taster. But the chief of security, leaving nothing to chance, deliberately feeds her Butterfly's Dust and only by appearing for her daily antidote will she delay an agonizing death from the poison.

As Yelena tries to escape her new dilemma, disasters keep mounting. Rebels plot to seize Ixia and Yelena develops magical powers she can't control. Her life is threatened again and choices must be made. But this time the outcomes aren't so clear—”

— Amazon description

“Shivers, obsession, sleepless nights—these are the results not of one of the milder poisons that novice food-taster Yelena must learn during her harrowing job training but of newcomer Snyder's riveting fantasy that unites the intelligent political focus of George R.R. Martin with a subtle yet potent romance.”
