## 1,000 Books Before Kindergarten

**1000 Books Before Kindergarten** is simple: read 1000 books with your newborn, infant, toddler, or preschooler before they begin kindergarten. **1000 Books** makes it fun to build a daily habit of reading with your child. Reach your reading goals and earn prizes. Read any **three books a day** with your child and you're finished in **less than one year!**

Why read 1000 Books Before Kindergarten? You are your child's first teacher and your home is where your child begins to learn. Your baby's brain has reached 80 percent of its adult volume by age 3.

Begin by signing your child up for a library card. Then register for 1000 Books Before Kindergarten of Beanstack. Visit your local library to pick up your registration packet and have your child's picture taken and placed into their 1000 Book passport.
