Since students use edible materials to build their landfills, once the landfills pass a final inspection and are "permitted to operate", students get to eat their work! Presented by York County Solid Waste Authority. *Ages 4+*

## This Way Up

Imagine a bizarre traffic accident involving a plumber's repair truck and a marching band equipment van. If you saw a group of teenagers picking through the aftermath of that kind of crash strewn all over the highway, that's pretty much what This Way Up looks like on stage. This Way Up is actually the Crull family: Eric and Danielle, Jax, Max and Carson, who play a type of music called "Unconventional Percussion". Their "instruments" are colorful lengths of plastic tubes called Boomwhackers and corrugated drainage pipe. Everything is tuned up to specific notes and played like a gigantic demented whacked out pipe organ! This Way Up plays a variety of popular Christian music.

## Join our 2018 Summer Quest: Libraries Rock! The more you read, the more prizes you earn!

Summer Quest gives children a chance to learn, explore and discover new things through their library. The program connects families with York County Libraries and helps excite and challenge children. By encouraging kids to learn, Summer Quest can help instill a love of learning while also enabling kids to improve their reading skills over the summer. Summertime is a good time for children to improve their physical and mental fitness. With school out, reading and learning shouldn't stop. Summer Quest is fun and is a great exercise for the mind. We hope that families take advantage of this and all the tremendous opportunities available at York County Libraries.
