FEATURED NEW BOOK

The Island of Sea Women
 by Lisa See

This beautiful and thoughtful novel illuminates a unique and unforgettable culture, one where the women are in charge and engage in dangerous physical work while the men take care of the children. This novel introduces readers to the fierce female divers of Jeju Island and the dramatic history that shaped their lives. Span wars and generations as you enter the little known world of the matrifocal *haenyeo* society of Korea.
