FEATURED NEW BOOK

True biz is an ASL expression meaning "real talk." Charlie is a 15 year old with a faulty cochlear implant who never learned ASL and struggles to understand others. This is a story of sign language, lip reading, civil rights and injustice. It is an unforgettable journey into the deaf community. This book gives much insight into the struggles of the deaf community and it includes illustrations and info about sign language and how it works.

Staff Recommendation

This book is a page turner! I can't wait to see what happens in the next book!
