NEW LAUNCH PAD CLUES FOR VENUS:

- With the playground on the left, walk straight past the picnic area to the grass path in the woods.
- With the creek on your left, follow the dirt trail through the woods.
- At the first “Y” intersection, stay to the right to continue on the dirt trail.
- At the second “Y” intersection, stay to the right to continue on the dirt trail.
- Continue on the dirt trail through the woods until you come to an opening.
- Before the creeks edge (now in front of you), make a slight right.
- The dirt trail will go up a slight hill that bends to the left into the woods.
- The post can be found on the right.
- To return to the parking area, turn around and go back the way you came.
New Launch Pad Clues for Hubble:

- To the right of the pavilion is a paved driveway with silver gates crossing it. Start there and go around the gates. Continue straight towards the skatepark.
- Once at the skatepark, look for a pole next to a blue trash can on the left. Make a slight left onto the grass and walk towards the blue fence. Pine trees will be on your left.
- When the pine trees end on the left, make a left at the corner of the baseball field. Walk towards the bleachers.
- After the bleachers, turn right and walk over to the furthest pine tree on the left.
- Turn right at this pine tree. With the pine trees now on your left, start counting them. The post can be found between pine trees #17 and #18 on the left.
- To return to the parking area, turn around and go back the way you came.
New Launch Pad Clues for Eclipse:
