## York County Libraries & GO York! partner up again for SummerQuest 2020

**Y**ork County Libraries has partnered with WellSpan Health for more than ten years to support the Get Outdoors York! program throughout the summer. Starting July 1, registered SummerQuest participants can challenge their bodies and minds as they follow clues in a special booklet to discover carvings hidden throughout York County towns and parks. Ranging from easy to difficult, there are 30 hikes in all to tackle through August 30, 2020.

We'll provide a rubbing sheet to record each of the carvings you discover. They each count for 20 minutes toward your 800+ minute goal! Use the Beanstack mobile app or website to track your hikes.

Check out the GO York! website at [www.goyork.org](http://www.goyork.org) for recommended library books, hike tips, outdoor safety tips, summer parks programs, and more. Join the **GO York! Facebook group** for updates and info.
