

# Using Libby with an ereader

at York County Libraries

**You can download Libby ebooks on a computer, then use free Adobe Digital Editions (ADE) software to transfer them to Adobe-compatible ereaders.**

***Note:** If you have a Kindle ereader, refer to the Kindle-specific guide instead of this one.*

1

On a computer, visit [libbyapp.com](http://libbyapp.com). Choose **Search For A Library**. Search for **York County Libraries** and sign in with your library card number and PIN.

2

Borrow an ebook that supports EPUB or PDF format.

***Tip:** Check which formats an ebook supports by clicking the book cover and scrolling down to the "Supports" section of the title details page.*

3

Go to your **Shelf** () , then select **Read With...** next to an ebook.

***Note:** If you have a reading preference set, select **Manage Loan**, then **Read With...***

4

Select **Other Options**, then **EPUB** or **PDF**. This will download a file that can be opened in Adobe Digital Editions (ADE).

5

Open the downloaded file in Adobe Digital Editions (ADE), connect and authorize your ereader, then drag the ebook from ADE onto your device.
