STEWARTSTOWN RAILROAD

PAST-PRESENT- FUTURE

David Williamson, president of the
Friends of the Stewartstown Railroad,
will be our presenter for this month's
Third Wednesday Series on
Wednesday, August 19th
From 6:30PM-8PM

Learn the history of this "short-line"
railroad which provides recreational
excursions through the meandering hills
and forests of Southern York County.
The Stewartstown Railroad, chartered in
1884, is one of the oldest, continuously
running carrier railroad companies in
existence. It has provided freight and
passenger services to southern York
County since 1885. Today, with the tire-
less efforts and dedicated help from many
volunteers, railroad enthusiasts, and the
local community, the railroad is back in
the passenger excursion service. Known as
a "short-line" railroad, it operates over
7.5 miles of track which runs from
Stewartstown to New Freedom. Home to
the venerable, "Mighty-Mo", a vintage
1943 Plymouth switcher locomotive, they
offer various forms of train rides within
the Deer Creek valley. From authentic
caboosees, and a newly renovated coach,
they offer a journey to a place and time
thought to be long forgotten.

SUMMERQUEST

Our summer programming is coming to
an end. Please make sure to log your
